Yes the Rosemont Mine. A vortex I was hoping not to be sucked into but no such luck. Dates are TBD.

Mark,

Happy Holidays to you and yours! Hope you Gabby, and the family had a wonderful Christmas! I have a bit of a favor to ask. I know that you wrote a children's book about space and being an astronaut a few years back. Is that book still in print? If so could I order it and then persuade you to sign a copy for my 6 year old space enthusiast nephew?

Hope to grab a cup of coffee or a beer with you in the New Year. We can get together either when you come to Washington or I will be making a trip to Tucson in February for some meetings permits on a proposed mine in the area. Maybe we could get together then.
